Let's start.....Removing ObstaclesYou will find about 40 obstacles in your home village and builder base. These are plants and rocks. These need to be removed to build something on that spot. If you remove rocks, it will cost you Gold. To remove plants will cost you Elixir.You can earn Gems by removing obstacles. The Gems amount differs from 0 to 6. This is predetermined.This follows a pattern like 6, 0, 4, 5, 1, 3, 2, 0, 0, 5, 1, 0, 3, 4, 0, 0, 5, 0, 1, 0.This will repeat after reaching to the end. This pattern will not change. This will keep repeating over and over.Leave space for plants to regrow.In the game plants will appear every eight hours interval. This allows you to remove them and earn more gems.Plant will not appear if you do not left any space in the village.You have to keep at least eight tiles empty to make the plants appear and grow.Remember that Rocks do not come back as the Plants do.Earn the achievement.Removing obstacles will bring you achievements. You will get five Gems if you clear five obstacles and get ten gems by clearing fifty obstacles. You can get 20 Gems by removing 500 obstacles. Click here to see the list of achievements.Completing AchievementsThis part is very interesting to me. Clash of Clans rewards you with Achievements if you complete certain goals in the game. Goals like winning battles, upgrading buildings, and collecting gold (please check out the list). You can earn rewards and gems by completing these achievements.Earn more Gems by completing relatively difficult achievements.Try to earn these achievements as soon as possible. You can see your current progress by opening Achievements Screen.There are three levels in each achievement. Each level has increased rewards.As per my calculation, you can earn up to 8,637 Gems by completing all available achievements.Fight other players.Clash of Clans is a battle game. The most valuable achievement in this game is to win over other players. Below are some of the high value achievements-League All-Star, Join Crystal League and earn 250 gems. Join the Master League and earn 1000 gems. Earn 2000 gems by becoming the champion.Sweet Victory. In multiplayer battles if you earn trophies, you will get gems. You can get up to 450 gems by winning 1250 trophies.Firefighter - Destroy your opponent's Inferno Towers. Earn 1000 Gems by destroying 5000 towers.War Hero - Earn this achievement by winning stars in War Battles. You can earn 1000 gems by scoring 1000 stars.Spoils of War - to earn this achievement, collect gold from Clan War bonuses. Get 1000 gems by earning 100,000,000 gold.Friend in Need - Donate reinforcements to your allies and earn this achievement. You can earn 250 gems by donating 25000 reinforcements.Unbreakable - achieve this by successfully defending your village from attackers. You can earn 100 gems by defending 1000 attacks.Complete lesser achievements.The game contains various achievements which are related to combat. Although these are not handsome amounts of gems, you can still earn them by upgrading your town, removing obstacles, upgrading Town Hall, stealing gold, unlocking units like Archer, Dragon and completing the Campaign.You can earn up to 20 Gems for completing these achievements.Claim your achievement rewards.Please remember that your achievement rewards will not be added until you claim them. Click on Claim Reward Button in the Achievement list after completing each achievement. You need to do this manually every time you complete an achievement.After completing an achievement, you'll see a Claim Reward button in the Achievements list. Tapping this button will reward you with the Gems for completing the achievement. You'll need to manually collect your rewards whenever you complete an achievement, or your rewards will just sit there.Make sure that you check your list regularly and claim your rewards. There is no benefit by keeping them unclaimed.Manage and upgrade your Gem Mine.At Town Hall level 4, you will find the "Gem Mine" building that is broken. This can be rebuilt/repared in Builder Base level 3. This mine produces 4.8 Gems a day and will add up over time. So, don't forget to upgrade the Gem Mine.Use Clock Tower every day to boost the production rate.Spending Your Gems WiselyAt the starting point you will be awarded 500 Gems. you are forced to spend 250 Gems during the tutorials. I would suggest you not to spend any more gems under any circumstances.Use these gems to speed up the build times of your village. You will need these Gems later.During the tutorials you would be suggested to spend Gems to speed up production. But you can ignore these suggestions to save your Gems. Don't waste your Gems. It is not possible to save the 250 Gems during the tutorials. But you are spending them on a Builder's Hut. This is required for the game. So, you are not actually wasting your Gems.Don't buy resources with Gems.Buying resources can save your time. But these resources can be earned by playing the game. So, whenever you are prompted to buy resources with your gems, just ignore them.Don't speed up timers with Gems.In this game you will be constantly reminded to speed up times by spending your Gems. For most of the players this is just a waste of Gems. So, don't spend Gems to speed up timers. Instead, you can play a different game for a while.Put all of your Gems towards Builder's Huts first and foremost.It is wise to spend Gems to build Builder's Hut. After building all five builder's hut you can spend gems on other resources. Because Builder's Hut is the most important thing in this game.For Android user : Download the Google Opinion Rewards AppIf you are an Android user, you can download the Google Opinion Rewards App. This app will send marketing surveys to you occasionally.
